

Diligence

WOUND CARE GLOBAL LLC

Become a keener wound care executive.

We are the expert in the business of wound care, regenerative medicine, and related products and services. We are the only advisory firm in the industry with combined expertise in product and commercial strategy, service line implementation and management, and the global medical and healthcare markets. We empower our partners to become keener wound care executives, specialists, startups, and investors.

Rafael Mazuz 马瑞夫, Managing Director

Rafael is an international biomedical and healthcare executive. Prior to founding Diligence Wound Care Global, he opened and led award-winning, multi-million dollar wound care units for the world's largest provider of wound care services. With a background in management consulting, venture capital, healthcare strategy, business development, and operations, he and his team have successfully executed for investors, startups, device, and service firms in the global medical and healthcare markets. Rafael holds an MBA from Tel-Aviv University in Israel, with studies at Nanyang Technological University in Singapore, and a BSc in Business Information Systems from the R.H. Smith School of Business at The University of Maryland in the US. He speaks English, Hebrew, Spanish, and Mandarin Chinese.
